## Application to become a Professional Member

### Back Pain.....Meeting the challenge together

**About 50% of adults will have back or neck pain at some point during the next year – that's 30 million people**

BackCare is the charity that promotes healthier backs and helps people with back and neck pain. We have recently revised the Professional membership scheme. Our aim is to work alongside some of the most forward thinking individuals, organisations and companies to help us develop awareness of back pain prevention.

We believe that if we are able to share mutually defined objectives, we can go some way in preventing back pain which has a significant impact on the UK population, currently affecting nearly 50% of the UK population.

A Professional membership with us will further your professional social responsibility aims and provide the opportunity to become involved in a cause related marketing partnership which can help deliver commercial benefits to your organisation as well as raise vital funds and awareness for our work.

- Practice details on our website
