

BackCare Corporate Partnership form

Thank you for choosing to support BackCare

BackCare – we have employee backs

Back pain is one of the largest causes of absences in the work place today, accounting for more than 12 million days lost each year in the UK alone.

Every year more than two million people in the UK develop chronic or persistent back pain that may never go away. Living with persistent pain is associated with significantly higher rates of job loss, divorce, depression and suicide.

Back Pain can be caused by injury, wear and tear, Musculoskeletal Disorders such as Axial SpA, Spina Bifida and Scoliosis or through other underlying health conditions like Multiple Sclerosis, Parkinson’s Disease or Cancer, for example.

We at BackCare, are on a mission is to reduce the prevalence and impact of back pain. We do this through research, education and outreach initiatives. However, our valuable work depends on the goodwill of others, as we are funded through donations alone. We therefore depend upon corporate supporters, like you and would very much like to thank you for enabling our valuable work.
